Gardens of The Blue Ridge

Hardy and Rare Trees, Shrubs, Ferns,
Vines and Herbaceous Perennials
of the Blue Ridge Mountains

E. C. ROBBINS

ASHFORD, McDOWELL CO., N. C.

SURPLUS BARGAINS

All Nursery Grown

November 1935

Autumn planting is recommended for best results. This will enable the roots to get established before Winter, and start growing in early Spring before Spring planted stock overcomes the setback of transplanting. Autumn planted Natives bloom well the first year and may save disappointment later.

HARDY NATIVE DECIDUOUS TREES AND SHRUBS

ACER SACCHARUM. Sugar Maple,	
4 to 6 feet.....	\$.35
AESCULUS OCTANDRA. Yellow Buckeye,	
1 to 2 feet.....	.05
